

## *A word about my playlist*

*Many writers use music for inspiration or mood setting. Not me, I'm searching for validation. I know this may not make sense but bare with me a moment. When I'm at the beginning of a chapter I already have an idea of what I want, then the characters kind of lead me through all the details. So here's where the music comes in, I love it, all kinds, I live for it. So when I've completed a chapter and I stumble on one of those "That's the one?" songs, that's the emotion I want. Through this whole process I've discovered artist I never knew and rediscovered amazing songs from when I was growing up. All of this is thanks to all the internet streams; Pandora, Amazon, Spotify, and youtube. So the following is my playlist that I created to go along with Claire and Liam's story.*

*Enjoy!*
